

Pilot-projects approved under the Access to Networks and Interconnections Code (RARI)¹

#	Promotor	Project name	Description	Other information
1	E-Redes – Distribuição de Eletricidade, S.A.	Pilot-project of access with restrictions for demand	Pilot-project of access with restrictions for demand, as provided for in Article 9(2) of the RARI, which applies to a request for increased power capacity submitted by an industrial customer.	Among other things, this pilot-project will enable the implementation and testing of a methodology for evaluating restrictions in a network simulation with probabilistically characterized loads.
